

Auray Professional Windshield for Shotgun Microphones (7")

Key Features

- Open-Cell Foam Matrix Technology
- 0.9" Simulated Fur Covering
- Reduces Wind Noise up to 40 dB
- 360° Protection
- Tapered Rubber Base
- Reduces Vocal Plosives
- Protects Mic from Moisture and Dirt
- 7" Inside Depth
- For Microphones 0.7 to 0.9" in Diameter

*The **Auray WSS Series Professional Windshields** deliver superior 360° wind protection with acoustic transparency. They are engineered for dramatic reduction of unwanted broadband wind noise and vocal pops with very little high-frequency loss, for exceptionally accurate recordings.*

This WSS-2018 Professional Windshield has an inside depth of 7" and is designed for use with many shotgun microphones. It features a specially manufactured open-cell foam matrix surrounded by a layer of 0.9" thick simulated fur. This diffusion technology lowers wind velocity in a controlled air space around the microphone, thereby reducing wind noise without muffling the sound. It also features an airtight tapered rubber base that seals out wind from the rear of the microphone, greatly improving isolation and rear-wind protection.

When used on a shotgun microphone, this slip-on windshield is effective in minimizing wind noise and plosive sounds. It is most effective in light breeze to strong breeze conditions (4 to 25 mph), and you can generally expect a 24 to 40 dB reduction in wind noise with negligible dampening of high frequencies.

In addition to superior 360° wind protection, the WSS-2018 helps prevent moisture and dirt from damaging your microphone. The windscreen is designed to fit microphones from Rode, Sennheiser, Sanken, Sony, and others.

The WSS-2018 Professional Windshield for Shotgun Microphones is an advanced solution for outstanding wind protection with acoustic transparency.

Compatibility

AKG C 568 EB, CK 68 ULS C460B Red

Azden SG(M)-1X

BeyerDynamic MC 716, 726, 736, 836, MCE 86 II, 87vs

ClockAudio C850E

DPA 4017

JVC DY-70U

Rode NTG-3

Sanken CS 3

Sennheiser ME 66 K6, ME 80 K3U, MKH 416, 418

Sony ECM 670, 678, 680S

Items Included

- Auray Professional Windshield for Shotgun Microphones (7")
- Limited 1-Year Manufacturer Warranty
